

## BARTON HEIGHTS FORMS REAL CLUB

What promises to be one of the best amateur athletic associations in the city has been organized in Barton Heights. The club has elected as its officers for the coming year J. H. Frischkorn, president; W. Stuart White, vice-president; C. E. Hughes, Jr., secretary; Deane Haw, treasurer.

These enterprising young men propose to have a clubhouse of their own to be fitted up as a gymnasium as well as a meeting place.

The association proposes to put a strong team out in every line of sport, and feels confident that it has material to pick from that will make the other teams of Richmond set up and take notice. The association will be conducted under the rules of the R. A. A. F., to which it has been elected.

This movement has been supported by the business men of the town, who promise to do everything possible to help make the association a success. It is hoped that every man or boy in Barton Heights and vicinity will become a member of this club, which has for its object increased interest in clean, healthy sport.

There will be a special meeting of the association to-morrow night at 8 o'clock in the town hall. Everyone interested in this movement is cordially invited to be present.

## BASEBALL HOPES OF JOHN MARSHALL

(Continued From First Page.)

Last season for the Marshalls, was recently elected captain of the 1914 team by a unanimous vote. "Jack" is a great favorite at the Eighth Street institution, and his election as captain was received with great rejoicing by his many friends and admirers at the public school. Although Tinsley has only played one season under the Blue and White, he clearly demonstrated his ability and eminent fitness for the honor given him. Tinsley has been playing with the Hustlers, one of the fastest amateur teams in Richmond, and he is well known and very popular throughout local amateur circles. He is indeed a worthy successor to Captain Hoover of last year's team.

John Marshall was particularly fortunate in losing only three players last year's nine. However, all three of them were very valuable, and their places will be hard to fill. Captain Hoover, Robins and Baldwin are the three players referred to. Hoover is attending the Medical College of Virginia, while Robins is wearing the Red and Blue of Richmond College. Baldwin forsook the public school, and has been attending McGuire's since the beginning of the fall term. In gaining Baldwin, McGuire's secured one of the best all-around athletes in the city, and should be able to cause the teams he is pitted against a great deal of trouble.

**Get Many Recruits.**  
To balance the loss of three stars John Marshall has two very promising candidates in Sales and Woodard. Sales played shortstop for Kingan's last season in the Commercial League, and his work was a feature of every game he played in. He is also a catcher of no mean ability, and it is probable that he will take Captain Hoover's place in the Commercial League, and will be a twirler; he pitched for one of the nines in the Church Circle Association League and won a majority of his games. With Woodward, Craig and Arkison as a nucleus, the Marshalls should be able to build up a strong pitching staff.

The infield will be practically the same as last year's, with Tinsley on third, Mathews at short and Wood at

second, and with Asher, the star of last year's outfield, taking "Uncle" Robins' place at first base.

In the outfield there will be two better men—"Beauty" Turner and Blankenship.

With these two experienced players in the fold will be able to build up an outfield that will rank with the best of the prep schools in the city. Turner, besides his ability as an outfielder, is a very good pitcher, and will no doubt be given a chance in the box during the coming season.

**Testosterone Schedule.**  
Manager Williams has not completed his schedule as yet, but announces that it will include games with the foremost teams of the State. At present he is trying to arrange for a game with Raleigh High School, to be played in Raleigh on April 25, but as yet has not completed all arrangements. The annual Eastern trip of the Marshalls will include games with the Roanoke, Lynchburg and Farmville High Schools. Other trips will be taken to York Union, Williamsburg, Alexandria, Ashland, Petersburg, Blacksburg, Norfolk and Portsmouth.

The schedule as it stands now is as follows:

March 31—Chester High School, in Richmond (pending).

April 5—Richmond Academy (championship).

## YELLOW JACKETS START PLANNING

(Continued From First Page.)

To return this year, there will be a lively fight for the position. Brown, of last year's team, is back, and will likely hold down this job. There are several new men, however, that will make bids for this position, and as it is hard for a team to have too many good pitchers and catchers, these men will all have a good chance.

They are Wooden, captain of Randolph-Macon Academy nine at Bedford City last year; Turner, from York Union Military Academy, and Savage. The infield will be well taken care of by Bane on first, Captain Eggleston on second, Midyette at shortstop and Anderson at third. All of these were regulars on last year's team.

In the outfield, all three of the men that played regularly last season will be missing. These positions will be filled by last year's second team men and the new men that come out. The team, Lincoln will most likely be the man that will fill the centre field position.

Coach Reiss has not yet announced when he will call the men out, as everything depends on the weather, but by the middle of February the boys hope they will be able to get out in the open.

Manager Vaughan has not given out his schedule yet, but games will be played with V. P. T. V. M. L. Roanoke College, Fredericksburg College, besides the teams in the Eastern Virginia Intercollegiate Association.

Judging from the material on hand and that many college in February for the last half of the year, the Yellow Jackets should turn out a fast team.

The first goal came from the end of the first half, and was a terrific shot, which Day had no chance of reaching, and in quick succession three more goals were added to complete the visitors' downfall. ## VIRGINIA WILL TRY MANY TRACKS

Trainer Lannigan Busy Getting His Hopfuls Into Shape for Campaign.

Charlottesville, Va., January 17.—William P. Fite, of Muskogee, Okla., manager of the Virginia track team, announced to-day the following schedule of meets for the coming season:

Indoor meets—Johns Hopkins, at Baltimore, February 14; Richmond Blues, at Richmond, February 21; Georgetown, at Washington, March 7.

Outdoor meets—Dual meet with the University of Pennsylvania, at the University of April 16 (pending); S. I. A. A. meet at Columbia, May 2. Place not yet decided on; Johns Hopkins, dual meet in Baltimore on May 16.

There will, in all probability, be several more meets, but none other than those given above are definitely decided on at the present time. With this very good schedule and such promising material as is seen on the board track each day, there seems to be no reason why Virginia should not have a most successful season.

In the preliminary try-outs held recently to get a line on the new men, Trainer Lannigan found the making of excellent two and one-mile relay teams. Wiley Cooke, Barton, Wright, Norris, Beckett and Harris are showing up well in the half-mile, while Word, McGuire, Speer, Goodwyn and Mason are displaying good form in the quarter-mile. Barton is showing especial promise, and should win new laurels this year. Rumbough has always been a consistent point winner. Wright is the South Atlantic two-mile champion. Of the new men, Norris, a Yale letter man, and Johnson, who comes from Vanderbilt, are showing up best. Norris is certain of a place on the two-mile team.

To Race Over 403.4 Miles.

Los Angeles, January 17.—The distance of the grand prize automobile race to be run over the course at Santa Monica, February 14 will be 403.4 miles, or thirty-eight laps of the track. The announcement was made here to-day by Len T. Shetter, chairman of the Western Automobile Association racing committee. The distance for the Vanderbilt cup race will be thirty-five laps of the course, or 34.5 miles. This race will be run February 21.

Woodberry Five Loses.

Charlottesville, Va., January 17.—Clint Woodberry's High School team, which recently defeated Woodberry, on the latter's floor, lost to Jefferson to-day, 22 to 11.

## Women Barred by A.A.U.

New York, January 17.—The Amateur Athletic Union, in a vote of an overwhelming majority to refuse registration to women athletes in all sports and competitions controlled by the organization. This is the first time that women have been barred from competing in any part of the program.

## FILIGREE LANDS HAMPTON STAKES

Pardner Breaks Record of Eight Consecutive Seconds by Winning Race.

Charlottesville, S. C., January 17.—Filigree, owned by G. W. J. Birzel, won the Hampton stakes of \$1,200, this afternoon in the star number of to-day's races, which was the third event on the card. This was the first chance that the two-year-olds at the local track have had to battle for a big purse, and Filigree, with Laporte second, and Lady Reach third, as chief rivals for the honors, won hands down, finishing two lengths in front.

Pardner, who has a record of finishing second and eight times in succession, broke through the spell by coming in the Ashville handicap for three-year-olds and up, at a mile and twenty yards. He was a strong second choice. Old Ben, who did not even come within the money, Brynmah ran a hard luck race, going ahead of the winner after the first half mile, but was overtaken by Pardner on the last furlong, and at the end was beaten by a neck. It was a great race. Results:

In a high-ball or a low-ball the quality of the whiskey must be the first consideration, but the addition of water to a whiskey tells the tale of its real grade.

An ordinary whiskey is simply drowned in water.

You lose the pleasure of the drink and get merely the stimulus of the alcohol.

**CREAM OF KENTUCKY "THEE" WHISKEY**

retains its pungent aroma and its delicate, perfumey flavor, no matter how much water is added to it. You cannot drown its good qualities. You cannot mistake it for any other. Its after-taste is as good as its bouquet promises.

The reason is plain. Cream of Kentucky is an honest, natural product. It is made of grain, spring water and time. It takes more grain to make a gallon of it than to make ordinary whiskey—it is the "cream" of the grain. That's why it costs more than some others. That is why it is full-bodied—why it has that rich, grainy flavor that can be neither hidden nor successfully imitated.

No amount of talk can make you know its peculiar excellence. The only way to know it is to try it yourself. Do it today, now, while you think of it. We rest on your opinion, not on our own.
